From the R.C.S. d.o. letter of even date it is clear that a few details are still awaited. It is observed by that officer that they are mostly negligible except those pertaining to Bellary City. The D.C.S. is I think, waiting for these to complete his statement. Now he may now make up his statement. If he has not already made it up & submit it for the with. There has been delay in the matter, but I fear it has been unavoidable. The present epidemic has added largely to the other troubles, and a little patience is required. I have no doubt that the D.C.S. will see that there is no avoidable delay in the matter.

I should have much appreciated it if this file was been put up or brought to me before submission to the Dewan. I was aware of the position & could have explained matters. I hope that this will be taken for future guidance by those concerned. [redacted] calmness in dealing with situations is likely to be productive of more satisfactory results than alarm or haste

SIR,

With reference to your letter No.G.5663/P.P.72-18-9 dated the 17th instant enquiring when the final reports about the stock of principal food-grains may be expected to be received in the Secretariat, I have the honor to state that the prescribed printed forms were received from the Superintendent, Government Press, and sent to the Taluks only on the 30th August 1918 and as the distribution of the forms to the Patels and the issue of necessary instructions to them and to the shekdars must necessarily take some time, it has apparently not been possible for the Deputy Commissioners to submit the result of the enquiry by the prescribed date. They have been requested to submit their replies immediately. Every effort will be made to submit the final report to Government by the close of the next week.

Office of the Director of Civil Supplies
and Controller of Prices in Mysore.

Bangalore, 16th October 1918.

Dear Sir

I beg to submit copy of telegram sent to the Secretary of the Central Transport and Foodstuffs Board, Delhi to-day. Accurate figures are not yet available as figures from all taluks in Shimoga District and those relating to Bangalore Municipality have not been furnished. I have fairly reliable figures relating to Bangalore and I submit for your perusal a statement showing particulars of the number of people in the State who eat the different kinds of food grains, the quantity required per annum, the estimated stock and number of days it is likely to last. I shall submit a detailed report as soon as all figures are received by me. A copy of this letter has this day been submitted to his Dewan as requested in a telephone message received to-day.

Yours sincerely

C Rangamanner

NOTE :-

The amount of food required per head has been calculated as follows. —

A Statistician of repute considers that the weight of food required per head in a mixed population of all ages is 69 p.c of that required by an adult man doing hard physical labour. In Bangalore Central Jail a prisoner undergoing a sentence of hard labour is given 24 ounces of rice + ragi (20 ounces of ragi + 4 ounces of rice). A man sentenced to simple imprisonment without hard labour is given only 20 ounces i.e less than on undergoing a sentence of hard labour.

basic of 26 ounces = 16·52 ounces. To this is added 10 P.c

for as that required for seed, loss and is was lost etc

making a total of 18·20 ounces. for or 413 ounces per

annum. Steere assumes 420 ounces per head per da

or ie 3 lbs of good grains are sufficient to provide

food for 16 persons for one year. In any State that

the calculation is ~~adopted~~ based on methods

~~adopted~~ followed by Asst Wheat Commissioner to the

Govt of Sarawak

Mysore

Sir,

I am directed to address you in the matter of furnishing to the Central Transport Food-Stuffs Board, Simla, particulars of Provincial Stocks and requirements of fodder etc. Information on the point has been received from most parts of the State and it is expected shortly from the rest of the State also. The delay which is regretted is due to the present epidemic which has added greatly to other troubles but every effort is being made to furnish the information required as early as practicable

I have etc
